CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA

FRIDAY NOVEMBER 17, 1922

CALIFORNIA NEWS ITEMS IN BRIEF

Paragraphs of Interest to Readers of Golden State

A \$75,000 milk plant is to be built at Tracy.

Tulare county's orange crop this year will very likely be about 4000 cars.

Plans are under way at Los Angeles for the erection of a six-story class A Physicians' Building.

Funds are being subscribed at Roseville for the proposed organization of 45,000 acres in an irrigation district.

Richard Sinclair, 76, died at the Pasadena Hospital from burns received when his house was set on fire by an oil stove.

Bryant Forsyth, pioneer, who came to California in 1851 from Tennessee, died last week at Santa Rosa at the age of 89. He was widely known as an agriculturist.

A baby in Oakland, believed to be dead, was brought back to life when an undertaker discovered faint signs of life, revived the child and restored it to its mother.

Two stills, each with a capacity of seventy gallons of liquor, 1600 gallons of "mash" and a quantity of whiskey, were seized by Federal prohibition agents at Colma.

An option on an eighteen-acre site for a new parental home for Orange county has been taken by the Orange County Board of Supervisors. The proposed price of the site is \$42,000.

Peter Ratto, 40, a farmer living on Roberts Island, nine miles west of Stockton, was found mysteriously murdered in his home. It is believed he was shot while lying in bed. Ratto and his wife separated a month ago.

A trained bear, acting in a motion picture filmed in Griffin Park, dashed out of a clump of bushes, dragging the body of a man. The police said the body was that of a Japanese and that he had committed suicide about ten days ago.

Catholic clergy from all Western States have been in San Francisco attending a ten-days' observance of the fiftieth anniversary of the founding of the Sisters of the Holy Family Order, which began with a Pontifical high mass.

Harry Candler, 15 years of age, took a .41-caliber loaded Derringer away from a gang of five youngsters who attacked him in the Long Beach Harbor district and then routed the gang. Police discovered that the pistol had been stolen from a local business house.

Covering the teller and clerks in the Monterey Park First National Bank with pistols, three young men who entered the place escaped with \$500 in money after waging a running battle with men who attempted to capture them as they fled in a waiting automobile.

To investigate labor and immigration conditions in the Hawaiian Islands, a commission appointed by Secretary of Labor Davis at the request of the Hawaiian Government and with the approval of President Harding, will sail from San Francisco about November 23.

Southern growers are finding a ready market for grape-fruit juice, citrate of lime, orange vinegar, candied orange peel, marmalade, jellies and butters made from cull fruit that has been thrown away in past years, according to H. E. Wahlberg, County Farm Advisor.

Harry Davis, manager of the Latin-American Department of the Sun-Maid Raisin Growers, left Fresno recently for South America to investigate the possibilities for marketing California raisins in the southern continent. His itinerary will include Argentina, Brazil, Chili, Peru and Uruguay.

Four sailors who manned the gasoline launch used by Captain G. B. Landenberger, commandant of the naval training station at Goat Island, narrowly escaped death when the craft caught fire from the back-firing of the engine. The men escaped from the burning launch by jumping into the bay, from which they were rescued by a tug.

A suit was filed in the Sutter county Superior Court at Yuba City by District Attorney Arthur Coats, under the alien land law, against Munshi Singh, a Hindu, to escheat to the state twenty acres of land purchased by Singh in 1920. The complaint alleges that Hindus, not being entitled to citizenship, have no right to possess land in California.

Imperial Valley will have a boys' calf club if plans now being formulated by Ray Ellis, deputy farm advisor, mature. It is proposed to furnish blooded heifer calves to sons of dairy farmers who will take the project seriously and raise the calves according to the instructions laid down by the farm advisor. The club will be composed of boys over 13 years of age.

Los Angeles is to get a \$1,000,000 stadium.

A \$1,000,000 building is being erected in Sacramento for a life insurance company.

Construction work on Santa Ana's new Y. M. C. A. building is to be started in February.

The Southern Pacific purchased 2,000 acres for a freight terminal at Los Angeles. The ultimate cost will be \$20,000,000.

Four boys who were thrown into the Pacific Ocean at Long Beach by the capsizing of a small skiff were rescued by local fishermen.

The fifty-fifth convention of the California Fruit Growers and Farmers at Sacramento will be held November 21-23, inclusive.

Plans are reported which negotiate the purchase of a ten-acre site for a large refinery just outside of the western city limits of Long Beach.

In the expansion program of Dinuba is included erection of business blocks, theatre, packing plants, residences, schools and paving estimated to cost \$4,000,000.

W. W. Price, well-known Stanford alumnus and owner of Fallen Leaf Lodge at Lake Tahoe, died last week at his home in Palo Alto, following a heart attack.

Construction of a four-story building to cost \$160,000, for a large hardware company at Fresno, was announced in connection with the purchase of a site at a cost of \$70,000.

Burglars, believed by the police to be narcotic addicts in search for morphine and cocaine, broke into two dental offices in Oakland and escaped after stealing a small quantity of scrap gold from each place.

A new marble company has purchased an acre of land situated near Los Angeles. The property was bought for the purpose of erecting a finishing plant to prepare all kinds of marble for building requirements.

John Machado, 3-year-old son of a Wood Colony rancher, is dead and his brother, Edward, 5, cannot recover, doctors say, after drinking a bottle of fly poison found in a barn on his father's ranch, five miles from Modesto.

The names of 20,000 heroes who lost their lives in the World War were added to the list already deposited in the vault of the "Allied Memorial Center" at Lake Shore boulevard, Oakland, at a special service at 3 p. m. on Armistice Day.

The California Development Association in line with its recently adopted program has begun one of the most extensive surveys of California's resources, agricultural, industrial and financial, that has ever been undertaken in any State in the West.

A new sub-station to cost \$13,500 will be erected in the near future at Venice by the Southern California Edison Company, according to a building permit recently issued. Electrical equipment in the new building will cost more than \$25,000 it is said.

Frederick Schott, 64 years old, was found dead at his home in West Riverside, his body only partly clothed and the top of his head blown off with a gun. Ill health is believed to have been the cause of his action as he had been confined to his bed for some time.

Charging that he was forced to confess starting nine costly ranch fires by a "third degree" system, John Silvera, 18, of Modesto, repudiated the confession he is alleged to have made three weeks ago upon arraignment in the Superior Court. He pleaded not guilty.

W. J. Higdon, president of the Tulare Board of Trade, rejected the proposal of a "San Joaquin valley fair," to be held in Fresno as one exposition of the various valley counties next year. He stated that Tulare county's fair would be held in Tulare next year as in the past.

The annual short course for deciduous fruit growers will be conducted at the University Farm at Davis from December 4 to 9, it has been announced by the University of California. Almonds, apples, apricots, cherries, peaches, pears and plums will receive special attention.

The Liberty shipyard in Alameda, one of the great properties acquired by the government for the turning out of ships to "bridge the Atlantic" during war-time, is to be sold at auction during the week, according to advertisements appearing in San Francisco Bay district papers.

G. H. Hecke, State director of the Department of Agriculture, has announced that there will probably be a representative of the Interstate Commerce Commission at Sacramento December 12 to 14, when the fruit growers and farmers of the State convene. The convention will take up problems of transportation.

Despite the refusal of the State Bonding Commission to approve the plans for the irrigation of the Honcut-Yuba Irrigation District by the proposed Yuba river diversion, the board of directors have called an election, asking the electors to vote \$1,655,411 in bonds for the construction of the works. The election is to be held on November 24.

1,000 DEAD IN CHILI EARTHQUAKE

Cataclysm in South America Wreaks Havoc

Santiago, Chile—Northern Chile was devastated by an earthquake early today. Tidal waves, following the shock, inundated the coast, wrecking hundreds of vessels, flooding towns and drowning many victims.

Cable, telephone and telegraph communication is disrupted north of Valparaiso and no accurate estimate of loss of life or damage is available.

Fires followed in the wake of the shock, adding their horrors to the devastation of Coquimbo, Antofagasta, Chanaral, Caldera and other cities.

It is estimated that at least 1000 are dead, and many thousands are in distress, needing food and shelter.

The Pacific ocean picked up by the shock and hurled inland, inundated Serena for more than four blocks. Sixty lives were lost in this one flood. Many were hurt, hurled down and swashed about by the great wave that came rushing in, carrying everything before it. Property damage runs into the thousands of dollars.

In addition to heavy casualties of dead and injured at Copiapo and Coquimbo, it was reported that 500 were killed at Vallenar and the surrounding district. Vallenar was virtually destroyed and the survivors are in a critical condition. It seems certain that there have been casualties in other towns and villages around Copiapo, to the south, concerning which no news is yet available.

STATE CONTROL OF FLOODS

Work Will Soon Begin on Sutter County Levees

Sacramento—Additional flood control work in the Sacramento valley, which probably will cost in excess of \$1,500,000, soon is to be undertaken under the supervision of the State Reclamation Board, it has been announced.

The work under consideration is the construction of the east and south levees of reclamation district No. 1660, in Sutter county, which, beside forming important links in the general flood control plan of the Sacramento and San Joaquin valleys as mapped out several years ago by United States army engineers, will constitute a part of the west levee of the Sutter by-pass and the north levee of Tisdale by-pass. The levee fronting the Sutter by-pass will be about nine miles long and the second unit, which will form the south levee of the reclamation district, about three miles in length.

RANCHER'S HEROIC EFFORT

Fatally Burned Man Drives Nine Miles for Aid

Stockton.—After his clothing had been burned from his body, West Brinkmeyer, rancher at River Junction, put his injured wife and baby into their auto and drove nine miles to Ripon for medical aid. He had to be lifted from the wheel. The three were rushed to the Ripon hospital, where surgeons state Brinkmeyer cannot recover and that his child is also probably fatally burned. Mrs. Brinkmeyer will survive.

Brinkmeyer poured some gasoline from a can into the kitchen stove to aid wet wood in starting. The tent in which the family had temporary quarters burst into flames. Brinkmeyer carried his wife and child through the flames.

MURDER WARRANTS ISSUED

Two Oakland Men Charged with Crime in Los Angeles

Oakland—A warrant for the arrest of John W. Allen and his brother-in-law, Russell Walker, alias Russell Wright, both of Oakland, charging them with the murder of Nick F. Dabelich, former restaurant man and hotelkeeper of Oakland, slain in Los Angeles recently, has been received by the Oakland police from the Los Angeles authorities.

The body of Dabelich was found on November 2, hidden under a bridge on the outskirts of Los Angeles, with bullet wounds in the head and body. Robbery was the motive of the crime.

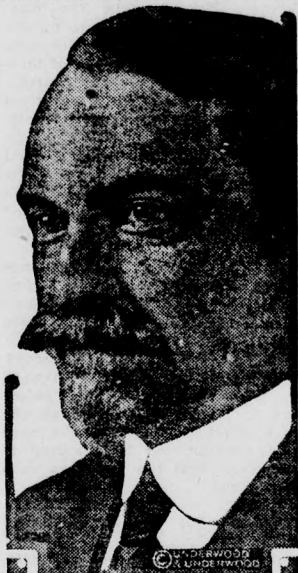

SOLANO COUNTY HAS FERRY

Clarksburg.—Connecting Ryer and Prospect Islands with the southern end of the Holland land tract, a new ferry has been put into operation across Miner slough, one of the navigable arms of the Sacramento river. It serves the growing district down river from the capital. The ferry is operated without toll by Solano county and is under the jurisdiction of the Board of Supervisors.

CRASH BREAKS WOMAN'S NECK

Los Angeles—Miss Fern Lattimer, 25 years old, suffered a broken neck in an airplane accident here, but Dr. R. E. Clark said he expected her to live. Miss Lattimer was taking her first airplane ride in a machine owned and piloted by Les Hardy and with Francis Whomes as another passenger. The plane fell 200 feet onto a plowed field. Hardy and Whomes were slightly injured.

EDWIN P. PARKER

Edwin P. Parker, attorney, of New York and Houston, Tex., who has been appointed by President Harding to be the American member of the American-German claims commission. Mr. Parker was born in Shelby county, Missouri. Politically he is a Democrat.

I. C. C. REFUSES CUT IN RATES

Reduction Would Unbalance Proportionate Order

Washington.—Applications of transcontinental railroads for authority to decrease rates to and from Pacific Coast terminals on traffic originating east of the Rocky mountains or destined therefor, have been denied by the Interstate Commerce Commission.

The roads had declared the reduction was necessary to enable them to meet coast-to-coast competition of steamship lines. Granting of their applications, which was challenged by a number of intermountain cities, including Spokane, Salt Lake City, Reno and Phoenix, would have resulted in making transcontinental rates generally lower than those on traffic to and from intermediate points.

Practically all commodities included in the commerce from the Pacific Coast were covered in the railroads' applications.

Allowance for S. P.

The Southern Pacific railroad, however, was authorized to reduce rail and water rates on certain commodities produced in California and destined to the Atlantic Coast, via Galveston and the Gulf of Mexico steamship lines.

NEW NAT. GUARD COMPANY

Northern California Gets Three Battalions

Sacramento.—An additional regiment of National Guard infantry has been allotted to Northern California by the War Department, and the work of organization has started, says a statement issued here by Adjutant-General J. J. Borree.

The regiment will be designated as the 185th infantry, and regimental headquarters and the 1st battalion have been allotted to Sacramento, with one company at Marysville. The 2d battalion has been allotted to Colusa, Willows, Orland and Woodland, and the 3d battalion to Petaluma, Santa Rosa, San Rafael and Healdsburg.

Should any of these communities fail to organize the troops which have been allotted to them the units will be reallocated to such cities and towns as will immediately perfect the organization, says General Borree's statement.

OIL RESERVOIR BURNED

1,000,000 Barrels of Stored Oil Menaced by Flames

Houston, Texas.—More than half a million dollars loss already has been sustained and upward of two million dollars property is threatened by a spectacular oil fire raging in the tank farms section of the Humble oil fields.

The blaze started in an earthen reservoir estimated to hold upward of half a million barrels of crude oil, valued at \$2 per barrel.

The seething mass of flames boiled over the sides of the tank, spreading in every direction, but heroic efforts are being made to save many other tanks adjoining.

Oil men declared that a slight rise in the wind or the least letup in the efforts of the fire fighters would endanger not only the two remaining plants of the Gulf company, but also of the Texas and Sun companies, which approximate 1,000,000 barrels of oil stored in the immediate vicinity.

Paper Drive For Library

There was an encouraging attendance of mothers and teachers at the P. T. A. meeting held Tuesday in the High School Auditorium, but there are many more that should be present and help in the work which the club aims to do—increase the co-operation between parents and teachers for the benefit of the pupils.

Jos. E. Hancock, County Superintendent elect gave a very helpful informal discussion of the work of his office in its relation to the schools, as he sees it, and the type of program he wants to see grow in the schools.

He said—"Ten years ago the idea of the monetary value of an education was emphasized. Parents and teachers tried to convince boys of their increased earning ability as their education advanced."

"Now the trend is toward a social program. The idea of service, of the greater ability to be of worth to the community, to fill a larger position in the world's work, are the lines dwelt upon. The effort is made to break down the idea of selfishness and develop the heart side. I not only want to bring up mental standards in the county schools but to encourage more heart development."

After Mr. Hancock's talk the question of a paper drive was discussed and plans laid. Ladies were appointed in each High School District, except Union, where there is no club member, to arrange for receiving centers. Mrs. Robert Holmes, Campbell; Mrs. L. Shelley, Cambrian; Mrs. Schow, Hamilton; Mrs. Robb, San Tomas; Mrs. Hanson, Meridian; Mrs. Stocker, Moreland.

A contest is arranged between the boys and girls of the High School for the collection of papers and magazines, and the winning side will be given a treat of some kind. The money derived from the sale of the papers will go into the Library Fund. Almost everyone can help in this work. Tie up the newspapers, folded in half, also all magazines printed on good paper and let some one know about them.

The club members are divided into two groups, the reds captained by Mrs. Hangar, and the blues by Mrs. Young, for the securing of members. The attendance of all members will be kept and the side having the best attendance record at the end of the year will be guests of the losers.

Short Course In Deciduous Fruits

One of the very important weeks of instruction to be held during the Farmers' Short Course, at the University Farm Davis, is that of December 4 to 9, in the Growing of Deciduous Fruits.

The work will be as thorough and complete as the time will allow.

The principal deciduous fruits such as almonds, apples, apricots, cherries, peaches, pears, and plums will receive special attention.

Lectures and demonstrations will be given on the essential orchard practices.

Students will "Learn by Doing."

Much time will be devoted to the principles of pruning; the fruiting habits of trees and how they grow; the pruning of young trees; and the pruning of the bearing orchard.

Special attention will be given to a study of the principal insects and plant diseases of deciduous fruit crops. Demonstration and practice work will be a part of the instruction in mixing and applying spray materials.

As some of the work will be conducted in orchards of the Sacramento Valley, growers are urged to bring their cars for transportation.

"Y" Conference At Oakland

One of the largest older boys' conferences to be promoted west of the Rockies will be held under the auspices of the State Y. M. C. A. in Oakland on December 1, 2, and 3. Over six hundred delegates are expected to be present from all over Northern California. A great inspirational program is being planned by the "Y" leaders and besides that there will be plenty of recreation in the shape of games, sports on Lake Merritt, auto sightseeing trips around the city and to the University of California. The delegation from the whole of Santa Clara County is limited to thirty boys and local "Y" leaders are in possession of registration cards for members of their groups. If any chap over sixteen years of age is interested in attending this big inspiration conference of clean cut Christian boys he should get in touch at once with Mr. Elwood Baugh or write to H. V. Lucas, County Secretary of San Jose.

Library Fund Still Climbing

The Finance Committee of the County Woman's Club is still actively engaged in its solicitation of funds and is feeling highly gratified over the response which the residents of the community are making to this appeal. The ladies are exceedingly pleased with the way in which people have rallied to their support—many coming voluntarily and increasing their pledges, as they see the work progressing and realize that it is not going to be dropped and that the solicitors would not be discouraged over the rather slow beginning.

Every day now the fund is growing and growing substantially, so that the full \$10,000 seems fully possible of attainment in the course of a few more weeks, as it is now over \$8,000.

The idea of publishing the names of contributors has been suggested to the committee a number of times. Soliciting committees in other towns have repeatedly said that it was found very satisfactory, so that the ladies have decided that it is a due recognition of those who are making possible this great public benefit, that the community be apprised of their support.

So, in next week's issue will appear a list of those who have made subscriptions to the fund.

Reception Given To The P. T. A.

A reception was tendered the parents and teachers of the Campbell high school. Friday evening, at the I. O. O. F. Hall. The room was attractively hung with sprays of the pepper tree, whose gay berries made bright the walls of the dining hall.

A short musical program was given, the high school orchestra under the able leadership of Prof. Halamick played very pleasing numbers and received sincere commendation. Mrs. Le Roy Brant of the Institute of Music of whose faculty Prof. Halamick is one, sang a quaint little melody and responded to an encore. She was accompanied by Miss Hitchcock, who also gave an excellent rendition of the "Witches Dance" by MacDowell.

Mrs. Dana Thomas, president of the district federation of P. T. A's, gave a very earnest and appealing talk to the parents on the need of more moral training in schools and heartily advocated the use of the Bible in the school room, as is done in the great majority of states. His talk was very impressive and was thoughtfully received.

A pleasant social time followed during which there were many introductions among the guests, and agreeable visiting over the coffee and cake served by the ladies of the association.

**80 DEAD IN PA.
MINE DISASTER**

**Gas Explosion in Reilly Mine
Causes Tragedy**

Spangler, Pa.—The Reilly Coal Company's mine, swept by a gas explosion Tuesday morning, is cleared of its dead.

Rescue crews have recovered all the bodies believed to have been in the workings. This brought the total known dead to 80. Thirty-two miners were rescued. Officials of the company declared that a re-check of their records made it practically certain that 112 men were in the mine when the explosion took place. The total of listed survivors includes six miners who were in the cage when the flood of gas and smoke issued from the mouth of the shaft. The total dead includes the three miners, rescued alive, who failed to regain consciousness.

Examination of the mine workings by experts caused officials of the company to announce that the property damage in the explosion was very small.

No statement will be issued regarding the cause of the explosion until later. It was announced that a safety expert had made a trip through the mine a short time before the men started working and he reported to the company that the workings were free from gas.

BOYS' DEATH HELD SUICIDE

Love Echo in San Jose Boy's Death

San Jose—First love brought only bitter tragedy to Norman Clarke, 17, it was disclosed at the coroner's inquest into his death which was caused from a bullet wound.

For it was his love for Eva Darling, 17, pretty daughter of a Coalinga oil man, that stood out as the moving figure behind his mysterious death.

The girl told the coroner's jury that she and young Clarke were to have been married on the day he died. It was to have been an elopement to Santa Cruz.

Two hours after they had completed plans and she had left him, he was found fatally wounded on the porch of his local home.

A small automatic revolver with one exploded shell was found in the boy's overcoat pocket.

"Suicide" was the jury's verdict. Friends of the dead youth, however, believe he may have been slain. Police think death might have been accidental.

Clarke was the son of Jerome Clarke, wealthy banker and exporter of Costa Rica. He had attended the College of the Pacific here last year, but was not registered as a student this semester.

Miss Darling, the boy's sweetheart, is a student at the College of the Pacific. She said she had met Clarke at a dinner dance in Oakland seven months ago.

S. P. EFFICIENCY PROJECT

\$200,000 Tunnel To Be Built In Salinas Valley

A contract for the immediate construction of a \$200,000 reinforced concrete lined tunnel near Metz, Calif., on its coast line between San Francisco and Los Angeles, has just been let by the Southern Pacific Company with the Utah Construction Company. It was announced at Southern Pacific headquarters.

Elimination of sharp 10-degree curves, with resultant faster train schedules and increased operating efficiency, are given as the reasons for the construction of the tunnel in the Salinas valley.

OIL FIELDS ABLAZE

Earth Reservoirs Burst During Heavy Rains

Eldorado, Ark.—More than 100,000 barrels of crude oil in the Smackover Field near here, which escaped from bursting storage tanks, are burning and Smackover Creek, which runs through the section, is a roaring furnace for several miles, reports received here state.

The oil was stored in earth reservoirs, which burst during heavy rains, allowing the oil to escape into nearby streams. A number of flowing wells in the section have been abandoned, and all efforts to control the flames have been unavailing.

L. A. LOSES POWER SITE

San Francisco—The city of Los Angeles has lost its fight for the Owens river gorge power site, in Mono county. The United States Circuit Court of Appeals reversed a decision of the District Court, which had ordered the property, owned by the Southern Sierra Company, to be condemned. The court held that property appropriated for public use in one county could not be appropriated for the use of another county.

MOOSE "HAVEN" FOR AGED

Jacksonville, Fla.—High officials of the Fraternal Loyal Order of Moose were here for the dedication at Orange Park of "Moose Haven," the new home for aged members of the order.

When completed the home will represent an expenditure of approximately \$7,000,000.

ARMISTICE DAY NOT HOLIDAY

Washington—President Harding will not proclaim a national holiday on Armistice Day this year, according to an announcement from the White House.

**Homestead School
Club Meets**

Pundita Circle enjoyed an Old Fashioned Musical at the home of Mrs. Carboni. Mrs. Thomas, Mrs. Pardee and Mrs. Williams, dressed in charming old fashioned costumes, assisted the hostess in receiving her guests.

The rooms were beautifully decorated with old-fashioned flowers. A tea and plant sale was arranged for at the home of Maxon on Campbell Ave., on November 22, the money raised to go toward furnishing a rest room in the new Library building.

A Christmas Bazaar was also planned for the same purpose, and the following committee appointed—Mrs. Cramer, Mrs. Carboni, Mrs. Stray, Mrs. Curry, Mrs. Alison, Mrs. Toles, Mrs. Purmort and Mrs. Webb.

The program of history and song was much enjoyed. Mrs. Carboni rendered several old time favorites, "Home Sweet Home," "The Song That Reached My Heart" and "The Last Rose of Summer." Mrs. Bichmore of San Jose favored us with several recitations in a most delightful manner. A humorous poem entitled "The Last Words of the Widow Green," and one of Edgar A. Guest's pathetic poems entitled, "Home."

A guessing contest of old familiar songs played by Mrs. Thomas was greatly enjoyed and Mrs. Muma carried off the honors.

Mrs. Pardee sang in her usual sweet manner "Bide-a-Wee," after which the hostesses served coffee and a birthday cake in honor of Mrs. Cramer. Old-fashioned nose-gays served as favors.

The guests departed with a warm spot in their hearts for old time songs.

NOTICE TO CREDITORS

Estate of H. E. Griffin, Deceased.

Notice is hereby given by the undersigned Executrix of the last Will and Testament of H. E. Griffin, deceased, to the creditors of and all persons having claims against the said decedent, to file them, with the necessary vouchers, in the office of the Clerk of the Superior Court in and for Santa Clara County, California, within four (4) months after the first publication of this Notice, or within said period to exhibit the same, with the necessary vouchers, to the said Executrix at the office of Bohnett, Hill & Campbell, Rooms 311-314 Bank of San Jose Building, in the City of San Jose, County of Santa Clara, State of California, where all business connected with said estate will be transacted.

San Jose, Cal., this 15th day of November, A. D. 1922.

FRANCES A. GRIFFIN,

Executrix of the last Will and Testament of H. E. GRIFFIN, Deceased.

BOHNETT, HILL, & CAMPBELL,
Attorneys for said Executrix.

MIGHT HAVE SHORTENED WAR

English Soldier's Scruples, Which Did Him Honor, Prolonged Fighting in South Africa.

A military correspondent of the Manchester (Eng.) Guardian writes: "In a life as replete with adventure as was that of Christian De Wet during the Boer war, there were said to have been countless occasions when the Boer hero went near to death. The nearest occurred in 1901, when the guerrilla leader, at the height of his fame, was extricating his raiding column from its affair in the Cape Colony. He was headed off by several of the pursuing detachments. From one of these a couple of very young British cavalry troopers had been sent on a forward patrol. They stopped at a wayside store and stabled their horses in a back shed.

"When the Boer commando came through in haste the woman of the store, who was friendly to the two English boys, sent them up into the garret above her shop. Here they crouched with their rifles at the ready while the scouts and the main body of the commando went through. Then a Cape cart came along and drew up at the store to elicit some information. In it were seated Christian De Wet and President Steyn.

"The corporal recognized De Wet from the pictures he had seen, but though his finger was upon the trigger his heart failed him. As he said in cross-examination afterward: 'I had not the heart to shoot a man in "civies" in cold blood.' This lad's natural scruples, probably prolonged the Boer war by eighteen months. Of such incidents is history made."

Cambrian School Highest

(Talk No. 3 in School Savings.)

Every one has at heart the welfare of children. For that reason any progress that children make in a valuable habit of self-help, such as School Savings, is good news, and the closer at home the more interesting.

Today we speak especially of the savings record of Cambrian.

Referring back a moment to our last talk: We found that the national Honor Roll of School Savings credited highest honors to the system of Wilkes-Barre, Pennsylvania. The average individual deposit of the children there is \$7.54. Highest on this coast is the savings system of Alameda schools, with an individual average of \$8.84. Ahead of them all, although too young for a place in the last official record, is our own Campbell Union-Cambrian system with an average of \$9.60.

Within our local savings system, Cambrian children are highest. Enthusiastically taking hold of the school savings idea at the first of last school year, they quickly forged into the lead, and they have ever since held their place. This school year they started the good work with the same exemplary zeal. In the first four weeks of school, with an enrollment of only 110, these little folks turned over to our savings department more than \$300.

Today Cambrian pupils have an average individual deposit with us of \$11.35. Since that puts them ahead of any known official figures, we are justified in calling them world-beaters. Back of that record, and of the closely following one of the Campbell Union, is the fine co-operation of parents and teachers; and for their part in the success of our School Savings System our bank is deeply grateful. Such a showing well deserves a special place in the news, which may go even farther abroad.

The final talk in this School Savings series will appear next week.

BLAINE'S

Quality

Steel-Cut Coffee

This lady is new to California. She doesn't like our frosty November mornings. The other day she shrugged her shoulders and voiced her complaint, "Whew! this is almost as bad as back East." Well—perhaps. Back East in winter, though, they miss one counteracting source of cheerfulness—they don't have Blaine's Steel-Cut Coffee.

--38c--

Only the one in the family who pays the bills knows that Blaine's Coffee is reasonable in price, the others just know it's deliciousness.

Town Tales

Tersely Told

Weighers' Receipts at the Press office.

Mrs. Lillian Olds, who has made her home in San Jose for some time is now located at San Diego where she will spend the winter.

Mrs. Hattie Dunham is making an extended visit with her daughter in Tracy.

Mrs. Lester entertained at a family dinner Sunday at which fifty plates were laid. Quite a "family gathering."

Robert Parkhill and Harold Townsend are in attendance this week at the conference in Berkeley of prune and apricot growers, where subjects pertaining to the growth of those trees, the fruit pests and their control, dehydration and other topics are being discussed.

I. H. Grim has purchased the new bungalow at the corner of Page Ave. and Campbell Ave. being built by Ralston Alison, which is very conveniently situated for his business. Mr. Grim is living in the A. E. Sergeant house on Hamilton Ave.

At the recent convention of the Santa Clara C. E. District Union at San Mateo, when officers were elected, the Campbell society was honored with several offices: Miss Evelyn Henry, President; Miss Dorothy Merriman, third vice-president; Miss Gladys Merriman, statistician; Miss Hancie Naylor, Quiet Hour Supt., and Miss Hazel Green, Assistant Intermediate Supt.

John N. Jones writes from Capitola to have his paper sent to that place. We understand that Mrs. Jones, mother of Nat Jones, former high school student, is quite ill there and Mr. Jones has gone to assist in her care.

Miss Jessie Lewis and Mrs. Harriet Smith left Thursday of last week for Sacramento and Chico, Mrs. Smith is visiting Mr. and Mrs. S. L. Hayes and Miss Lewis is at Chico with relatives.

Our store windows are showing posters announcing the benefit tonight given by Mrs. Vaundine Putnam Saunders, which are the very creditable work of the Campbell Grammar School pupils.

Our personal greeting cards for Christmas are here. We advise an early selection. Smith's Stationery Store.

Postmaster Chase of San Jose has published a request for early mailing of foreign packages for Christmas. The local office reports that a large number of such packages have already been sent from Campbell, but advises that all others desiring such packages to reach foreign destinations in time for Christmas should mail them very soon or some relative or friend across the waters may be disappointed on Christmas Day.

Benefit for Xmas.

Tree Fund

The Home and School Club is planning to hold a bazaar on Saturday, December 9th, in the banquet room, I. O. O. F. Hall.

There will be booths for fancy work, cooked foods, candies, mince meat and pickles, and also a Harvest booth.

A fish pond will make it interesting for the kiddies.

Donations of anything in the above lines are asked from anyone who is interested in the cause—the raising of money for a Christmas tree and treat for the Grammar School children. Donations may be left at Isbell's Store. The bazaar will last from 2 P. M. until 9 P. M. and we ask your liberal patronage. Buy your Christmas gifts from us.—The date December 9.

Foot Fitters
in Dress Shoes for Men, in full grain calfskin. Rich mahogany and black colors. We guarantee foot-fitters to be made of solid leather all through. No paper fibre or substitutions used in foot-fitters. Wear a good pair yourself.
E. E. Sower.

Miss Harriet Toles expects to be brought home from the hospital, Sunday, having sufficiently recovered from her recent operation.

Much interest is being manifested in the entertainment to be given this evening at the Grammar School by the pupils of Vaundine Putnam Sanders. Tickets have been in demand and all who plan to attend are anticipating an unusual evening's pleasure. Tickets may be purchased at the door—25c for adults and 15c for children under 12.

Reserved seats will be held until 5 minutes of eight only.

Aged Pioneer

Passes Away

The death Sunday morning of Albert G. Williams very generally named as Judge Williams, was rather a shock to many in the community, who were not aware of his illness.

Mr. Williams was one of the pioneer residents of Campbell, where he settled over thirty years ago. In the earlier days he was justice of the township, from which he acquired his title of judge.

A. G. Williams was born in New Hampshire but at the age of seventeen he went to Iowa and engaged in farming. He added to his holdings until he owned 280 acres of that valuable land which he continued farming successfully until he was fifty-two, when he retired and came to California, renting his farm in Iowa.

Settling here he bought part of the old Swope tract on Harrison Avenue and there erected a comfortable home.

He was married at the age of twenty-five to Eliza Blair to whom were born two children, Lavinia Gratten and Worthin H. Williams. Mr. and Mrs. Williams celebrated their golden wedding not long before his wife's death which occurred, May 31, 1916. His son, Worthin, passed away suddenly of heart trouble, October 30, 1920.

Mrs. Gratten, who with her five sons, Worthin, Henry, Leland, Eugene and Ralph, live on Mr. Williams property at Grinnell, Iowa, arrived yesterday and completed the funeral arrangements. Services will be held this afternoon from the Methodist church at 2:30 o'clock.

Mr. Williams had returned from Iowa the last of October, making his thirtieth trip across the country. He was apparently in his usual health, except for a slight cold, but was taken suddenly ill, while in San Jose Wednesday, and in spite of excellent care, sank rapidly and passed away early Sunday morning.

It is sad to see these founders of the town and its staunch supporters thru its early years pass from among us. Judge Williams has been one of the familiar figures on our streets and he was almost never missing from his seat in the Congregational church when he was in town. He will be missed, especially among the older generation.

Pundita Circle

Arranges Bazaar

Bazaar and Tea, Wednesday, November 22, at the Campbell Hotel, by the ladies of the Pundita Circle, for the benefit of the Library Fund.

There will be an apron booth, a fancy work table, food table, White Elephant booth, candy booth, and the plant sale already advertised will be held in conjunction.

Caroline Pitkin Brock, an authority on plants and shrubs will be present, and tea, or coffee, with cake will be served for the small sum of fifteen cents.

Plan to do some of your Christmas shopping at this bazaar and be aiding the library at the same time.

Doll Dressmaking

Any style from complete baby layettes to elaborate frocks and wraps for most frivolous of dolly clothes that will gladden "little mothers' hearts.

"Notcher" System

for Y. M. C. A. Boys

The Young Men's Christian Association of this county is now promoting a new and attractive program for the "Y" boys of the younger groups. It is a simplified working program adopted from the Christian Citizenship Training Program and is known as the "Notcher" System. All younger boys in the groups are known as "Pioneers". They are the pioneers of this country's future manhood. For each step a modern pioneer advances in the making of an all round man he is awarded the privilege of cutting a notch on his Club insignia. This is contrasted with the pioneers of olden days who followed the custom of cutting a notch for each man they killed.

This "Notcher" program is being spread all over the state of California and thousands of boys are hard at work endeavoring to win the privilege of wearing notches. In order to win one notch a month it is necessary for a boy to make at least sixty points on each side of a fourfold progress taking in Educational, Physical, Religious, and Social activities. If he makes seventy points and eighty points he may get two and three notches per month respectively.

The one object of the whole program is to encourage the boys to develop themselves on a fourfold basis so that they will build a solid foundation for the best kind of manhood. The program is being initiated as rapidly as possible throughout this country by the County Y. M. C. A. represented by H. V. Lucas as field secretary and it is the wish of the Association that local pastors, club leaders, and teachers of boys' classes feel free to make use of this splendid program and the co-operation of the Y. M. C. A. in making boys' work more effective in this community.

The Home and School Club met last Thursday and planned considerable important business. Chief of which was a bazaar to be held on December 9th. Full particulars of this affair will be found in another item.

There being \$92 in the fund being raised for the library it was voted to make this an even \$100 and give it to the soliciting committee.

A membership of 45 was reported, which while gratifying is not what it should be from a school of 600 enrollment.

It was also voted to return to the first Tuesday of the month for meeting day, so that the next regular meeting will be the first Tuesday in December.

INVESTIGATE POISON PLOT

Modern Borgis is Blamed for Deaths of Relatives

Chicago—Investigation of the life of Mrs. Tillie Klimek, who, according to the police, is believed to have poisoned at least four husbands, is under way. Her present husband, Joseph Klimek, is seriously ill from poisoning, police say. He recently had his life insured.

In the body of Frank Krupnek, another husband, was found enough poison to kill four men, according to a coroner's physician.

Plans were made to exhume the bodies of John Ruseckaski and Joseph Mitkewicz, former mates of the woman.

Meanwhile, Harry Suida, a cousin of the accused woman, told the State's Attorney of the mysterious death of his sister, Rose, who died after attending a dinner at Mrs. Klimek's home.

When Suida's story was told, Elizabeth Wyeckowski, another cousin, said her two sisters and a brother died under mysterious circumstances after they dined at the Klimek home. The two cousins asked to have the bodies of their relatives exhumed for examination.

WATSONVILLE MAY BE SEAPORT

Watsonville—Ocean freighters may soon be loading Watsonville apples and Salinas valley products at Moss Landing, a Monterey bay point near here, according to hopes expressed by William Sandholdt, Monterey publisher, who recently purchased the Moss Landing wharf, warehouses and three miles of ocean frontage. Sandholdt says he will cut a channel through to a slough at Moss Landing and dredge a harbor deep enough for ocean-going vessels providing financial arrangements can be made.

MIDSHIPMAN COURT MARTIALED

Annapolis, Md.—Three members of the fourth class, naval academy, were on the stand yesterday at the court martial which is trying Midshipman John P. Gilmer, Jr., of San Diego, Calif., on charges of hazing. Midshipman Ethelred Grant of San Mateo, Calif., stated that he had performed the "stoop fall" on one occasion upon Gilmer's order.

COAST AUTO SHOW

Los Angeles to Hold First Exhibition for 1923.

Los Angeles—The auto show season is at hand and various cities are already announcing the dates for their 1923 exhibits.

California, as always, is a little ahead, and this year it is Los Angeles that takes the palm by announcing her 1923 show in the last months of 1922.

The dates for the southern city show have been set for November 11 to 19 and the big exhibition will be held under four huge tents at Prager Park in the southern metropolis.

The show will be the first exhibit on the Coast to display the late 1923 models and many automobile men from various parts of the State will journey south to see the exhibits.

California has expended \$6,500,000 for roads so far this year.

Aftermath of the Election

GREAT was the rejoicing among the dry workers when it was found that victory had alighted in their camp, after, "lo, these many years."

The announcement, coming as it did, after the adverse decision had been practically accepted, created, probably, even greater satisfaction than as the success had been assured from the outset.

As published in last week's issue, Campbell precincts made an enviable record as standing for law enforcement, the vote being 347 for, and 109 against, more than a 3 to 1 score.

"ONE BORN EVERY FOURTH MINUTE"

A lady who had a family of three children didn't want any more because she had heard that every fourth child born in the world was a Chinaman.

As ludicrous, perhaps, as an old misconception some skeptical folks used to have about advertising.

There was a time, when some advertisements had to be taken with a grain of salt. A few misguided advertisers thought they could sell their goods better by misrepresenting them. Those advertisers have long since gone out of business or mended their ways. Hard experience taught that untruthful advertising didn't pay.

Other advertisers proved that the only way to advertise successfully, make regular customers, and build up good will was to tell the absolute truth about their goods in their advertisements. You can depend on the merchant or manufacturer who advertises. The concern that tells you frankly what it is doing is a good concern with which to do business. The store that advertises is a progressive store that has something really worth while to say to you. And companies that advertise their products or their service have confidence in them. You can safely share their confidence.

If we can make your meal-times happier—ours is a well spent life.

—Graham's Oblige-o-grams

WE are happy because we are serious in the conduct of our business. Keen bladed, clean tools, but no sharp practices. Good, pure meats, rightly sold.

Tree Godsend to Thirsty.
A plant that is said to be like the rock which Moses smote with his rod and caused water to gush forth is the "traveler's tree," so called because when its leaves are cut a quantity of pure, cold water is said to spurt out to quench the thirst of the wayfarer. The tree grows naturally only in Madagascar, and thrives only in the vicinity of water. The tree is now cultivated in some tropical countries for ornamental purposes. In its native habitat its leaves furnish the people with thatch and sides of their houses; the leaves are used also extensively for making a great variety of minor household articles, and the trunks, which are woody and durable in contact with the soil, are used for posts and for flooring in warehouses.

Roy de Spain and F. Reddy were smothered to death beneath eleven feet of earth, at Santa Monica, when a cave-in occurred in a ditch they were digging for a sewer.

Under an order issued by Federal Judge William C. Van Fleet, the premises of the Swiss-American Hotel at Gilroy will be closed for one year because of violations there of the Volstead act.

MAN KILLED BY BULL

Santa Rosa—Achilles Giacometti, 26 years old, was gored to death by a bull on a dairy farm ten miles south-east of Petaluma, according to information received here. The man was attempting to lead the animal into a barn, when it became enraged and killed him almost instantly.

PRESCRIPTIONS FILLED PROMPTLY
Orchard City Drug Co.

GEORGE ELIOT wrote "As our thought follows close in the slow wake of the dawn, we are impressed with the unusual sameness of the human lot which never alters in the main headings of its history—labor and hunger, seed time and harvest, love and death."

It is entirely fitting that a profession should have developed to care for every detail that perplexes and disturbs the family when the end comes to one of its members.

There is a funeral director in your community who merits your confidence and who has dedicated his life to a sympathetic and efficient service to his fellow beings. He realizes fully the desire of people in time of sorrow to be relieved of all necessary details, and their further desire for a character and quality of service that will leave the family with the assurance that everything humanly possible was done for the departed.
